

**A MESSAGE FROM THE POTSCRA**

**Kathy DeLorme**

**Happy Spring Everyone**

After a long hard winter, I'm sure you are all looking forward to a warm Spring. I know I can't wait for the sunny days to come around. It will be nice to see the bright colors of Spring.

Spring is not just another season, it's a time for reflection. A time for rejuvenating ourselves. It's like the seeds we planted in the Fall that are trying to push up through the ground. Similar to our students

transformation from where we began in September and end in June. We've planted the seeds for the future, now we can watch them grow . I am wishing you a Spring season of happiness and fresh starts.

**Dianne and I have good news about our grandson, Max. Max has been going to school to become a PGA Golf Professional. He passed the physical test and now has his first job at a beautiful private golf course in Naples, Florida that was designed by Arnold Palmer. Although he will not be on the tour, he qualified to play in small, professional tournaments..His first tournament is on 4/18 and 4/19 in Naples. We are proud of what he has been able to accomplish. Our son Steve and I are planning on being there to cheer him on! PS: What makes this so amazing is that Max was born with a slight case of Cerebral Palsy in one leg. If you are interested, Max has posted some videos on TicTok. Go to the search bar and put in his name: Max LaMonica.**

## FIX TIER 6 RALLY IN ALBANY ON MARCH 8, 2026

Dear Team,

We thank each of you for the incredible work you put into organizing and supporting yesterday's Fix Tier 6 rally. What we witnessed was not just the largest gathering in NYSUT's history, but a powerful demonstration of solidarity, commitment, and belief in the dignity of our members' retirement security.

Events like this do not happen by accident. They are the result of weeks and months of planning, coordination, outreach, logistics, communications, and relationship-building. From securing permits and coordinating transportation to organizing speakers, managing communications, preparing materials, fielding phone calls and messages, and ensuring members and allies had what they needed to participate. Every detail mattered. Your work made it possible for thousands of voices to come together with clarity, purpose, and energy

Just as important was the spirit in which this work was done. Throughout the process, we saw collaboration across teams, people stepping in wherever needed, and a shared commitment to making sure our members felt proud, heard, and represented. That kind of teamwork reflects the very best of who we are as an organization.

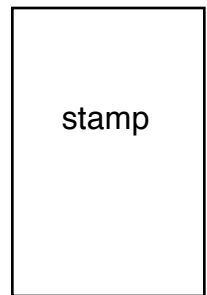

Please take a moment to recognize the role you played in making this happen. Whether your contribution was out front or behind the scenes, it was essential. We're deeply grateful for the professionalism, dedication, and care that each of you brought to this effort and the work you continue to do every day on behalf of our members.

With deep appreciation and in solidarity,

Melinda and Tyrone
